NEW DESIGN

Universal forceps and pony comparison

Fulcrums

Mandibular Fulcrum Set - £195

Set of 5 fulcrums 2mm, 3mm, 4.5mm, 6mm, 8mm diameter. Used to aid caudal mandibular cheek teeth extraction where space is limited. Zip-up case.

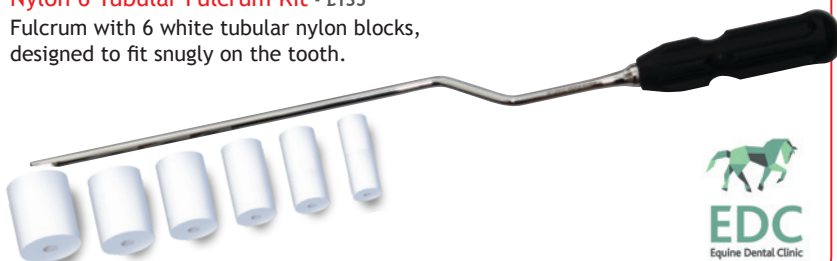

Nylon 8 Block Fulcrum Kit - £185

Fulcrum with 8 numbered white nylon blocks. Comes in a sturdy case.

Nylon 6 Tubular Fulcrum Kit - £135

Fulcrum with 6 white tubular nylon blocks, designed to fit snugly on the tooth.

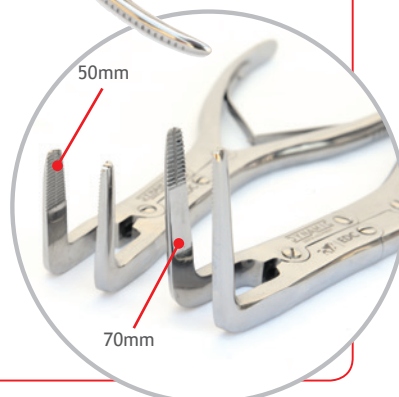

Compound Fragment Forceps - £240

Fragment forceps with spring release scissor action. 50mm or 70mm serrated nose versions available. Aids removal of difficult fragments. 28cm.

Developed in conjunction with Chris Pearce MRCVS and Nicole Du Toit MRCVS from Equine Dental Clinic

Extended General Nerve Block Syringe

40cm from base to needle - £160

Ideal for administering intra-oral local anaesthetic for mandibular/general nerve blocking prior to molar extraction.

Best
Sellers

Wolf Tooth Nerve Block Syringe

25cm from base to needle - £150

Extended Intra-Oral LA Syringe.

Ideal for administering local anaesthetic for nerve block prior to wolf tooth extraction.

Syringe holder options:

- 1.8ml Euro Thread
- 2.2ml UK Thread

Developed in
conjunction with Chris
Pearce MRCVS from
Equine Dental Clinic

MIR Kit - £380

For minimally invasive repulsion of dental fragments or fractured teeth. For use by vet surgeons in conjunction with careful radiographic positioning through a small trephine or drill hole. Six pins. Each has a block end that slots into the hammer to aid removal should the pin become lodged in an incorrect position.

Replacement pins available.

Developed in conjunction
with Chris Pearce MRCVS
from Equine Dental Clinic

Available with
short (20cm)
or long (25cm)
length pins

Universal Dental Hammer - £90

Included in the MIR Kits, but also available separately. Works well with set of 6 elevators and set of 4 wolf teeth elevators. 20cm.

Multi-picks

A range of fully interchangeable handles and inserts that can be purchased individually or as a set. Each Insert Head slots easily into any of the Multi-Pick Handles and tightened into any rotation with a 10mm spanner and allen key.

Universal Handle, 0° Handle, Spanner, Allen Key, Screw, Zip-up Case and 6 Insert Heads: Small (Alveolar, Elevator, Spreader), Medium (Elevator, Spreader) and a Large Spreader.

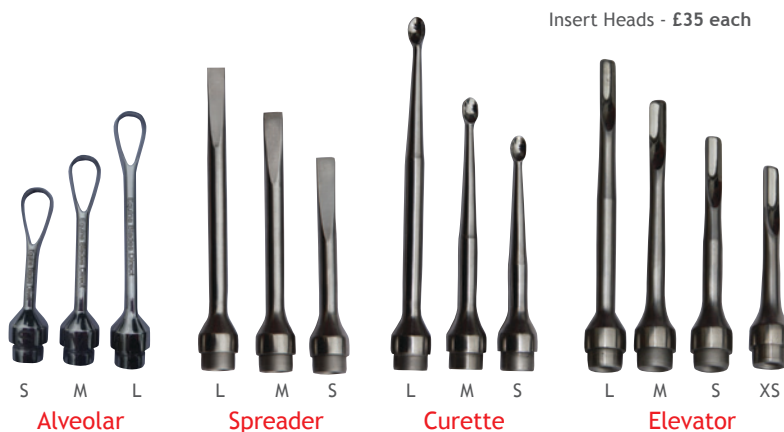

Complete Kit - £695

Full range of 4 Handles and 13 Insert Heads as well as Universal Handle, Spanner, Allen Key, Screws and Zip-up Case

Insert Heads - £35 each

Multi-Pick Handle

Individual handles
44cm - £65 each

Head 0°, 10°, 15°, 25°

T-Handle Excavators - Set of 2 - £100

Left and Right. T-handle for greater leverage and control. Sharp and slim tips 35mm. A zip up case is included. 35cm.

Developed in conjunction with Chris Pearce MRCVS from Equine Dental Clinic

Super sharp

Nylon, non-slip handles with stainless steel base to permit gentle hammer usage

Set of 4 Wolf elevators - £175

Designed for extracting wolf teeth, but can also be used for canines, incisors and root fragments extractions. Included in the set are two 4mm elevators (one straight and one concave) and two 5mm elevators (one straight and one concave). The concave curved tip hugs the palatal aspect of the wolf tooth reducing the risk of iatrogenic trauma to the palatine artery. 26cm.

Set of 6 Incisor Elevators - £225

Three different angles allows instruments to follow the natural curve of the teeth.

Comes with 8mm & 12mm head widths to suit different widths of incisor teeth. 26cm.

Basic Burgess Set - £125

Tough matt handle grip with two screw-in extensions (one straight, one offset) and four cut-out elevator heads (6mm, 8mm, 10mm, 12mm).

Sturdy case included

Complete Burgess Set - £285

Stainless steel 26cm wolf tooth forceps, two stainless steel elevators, tough matt handle grip with two screw-in extensions (one straight, one offset) and four cut-out elevator heads (6mm, 8mm, 10mm, 12mm).

Wolf tooth forceps with spring available separately £115

Burgess Heads - £20 each

Cut-out head sizes 6mm, 8mm, 10mm and 12mm.

Complete head sizes 4mm, 6mm, 8mm, 10mm, 12mm and 14mm.

Individual Incisor Forceps - £130

28cm Duck Bill Incisor Forceps. Ideal design for extracting incisor teeth. Unique angle allows better access for secure purchase on the tooth.

Long Elevator Kit - £130

Two stainless steel elevators with fine heads, offset for easy use with a speculum. Comes in a canvas case. 28.5cm

Compound Rongeurs - £130

Compound action and angled head. Ideal for wolf teeth and fragment extractions plus deciduous incisor cap removal. 24cm

Wolf/Incisor Tooth Forceps

£50 each
£140 for set of three

Easy grip knurled handles. Great for wolf teeth and incisor cap extractions, fragment removal, as well as removing plaque from lower canines. 18cm.
